7.2.1 Best Practice- I

Title: Induction and orientation of students

Objectives:

The Context:

- Heterogeneous pool of students
- Provision of platform for acquaintance of new entrants
- Minimization of barriers for more ready adaption
- Inculeation of sense of inclusion
- Enhancement of approachability, access to the teaching, supporting and administrative staff .

The Practice: Induction is an annual event based on guidelines of AICTE wherein the Head of the institution, in charge teaching staff and the guest make deliberations that cover following major areas;

Orientation to subsequent academic years:

- It is an abridged version of the induction in the first year.
- The topics which are outlined in this presentation mainly include the course structure, syllabi, subject-wise topics, academic calendar, schedule of academic, curricular, co-curricular, extra-curricular and exam activities.
- The focus is also given to elaborate discussion on the topics or subjects that are newly introduced, teaching learning methods and list of major references, e-resources. Moreover, the presentations are made on anti- ragging act, women harassment act and exam reforms, if any.
- Induction activity includes tour to all academic and administrative areas in college and on the campus so that students get introduced to the facilities.
- Demonstration for various procedures using standardized formats help to familiarize the students to cope up with college activities
- The guardian faculty allotted interact face to face with students and parents wherein they are counselled about the availability of grievance redressal mechanisms this helps to reduce

Vijayalaxmi
PRINCIPAL

Jayawantrao Sawant

7.2.2. Best practice –II

Title: Multidisciplinary club activity.

Objective:

- 1 • To widen the scope of teaching learning experience through deeper insights in the areas of chemistry and herbal cosmetics, which have huge commercial potential.
- 2 • To impart writing and presenting skills

Context:

The syllabi of the university although has interdisciplinary structure, there is very limited flexibility for curricula. This can be addressed to some extent by the club activity that attempts to focus the issues beyond the curriculum. Clubs for co-curricular activities help students to explore their talents. They get opportunity to think beyond conventional information available through the syllabus. Under the club, different activities are planned.

Practice:

1. **Constitution of club with membership of teachers belonging to related departments:**
 - The Herbalist-Cosmo Club
 - The Analytica Club
 - The Catalyst Club
2. **Outline of club activities for the year 2022-23**
 - ✓ Design and preparation of nutraceutical recipes for selected metabolic disorders .
 - ✓ Presentation of recipes for students and teachers
 - ✓ Review on commercially available Nutraceutical for the said disorders
 - ✓ Flash card preparation for better learning , display of creative ability for selected drug candidates such as IUPAC name, structures, formulae and Mechanism of Action of selected drug candidates
 - ✓ Presentation of flash cards to students and teachers

ACTIVITY REPORT 2022-23

1. **Title of Activity:** Preparation, presentation of nutraceutical recipes –Beverages/soups/salads/sprouts for given indication of metabolic disorders
2. **Date:** 31/05/2023.
3. **Description of activity:** All first year students actively participated in the preparation and presentation of nutraceutical recipe on given indication of metabolic disorders. The students were divided into groups as Group A to Group L with about 6 students in each group. Metabolic disorder and useful nutraceutical recipe was assigned to each group. Each group was allotted particular disorder and homemade recipe such as Beverages/soups/salads/sprouts. The students were given orientation for this activity before the presenting recipe and following points were discussed in the same.
 - What is the pathophysiology of the disorder ?
 - Information of marketed herbal formulation for the treatment of DM –any one
 - Factors responsible for DM
 - Proposed recipe-Fresh salad
 - Promotion of salad –justification for contents of recipe for given disorder.
 - Photograph of final recipe with appropriate label , approximate cost in Rs.
 - A 3 size poster accompanied with dish of recipe
4. **Outcome of activity:** Currently nutraceuticals is the emerging and trending field. The students were involved in participatory activity for upgrade their knowledge related to nutraceutical to improve our healthcare. Also it served them an opportunity to explore themselves. Ample of information was gathered for assigned disorder and homemade nutrient rich recipe. All the groups presented their posters and recipe systematically.
5. **Assessment of activity outcomes:** Dr V.V.Potnis, Principal and faculty coordinators evaluated all the posters and tasted recipe.
6. **Number of students participated:** 72

ACTIVITY REPORT

Title of the activity: *Competition on "Flash card presentation competition"*.

Date, Venue & Time: 21/11/2022, 1.00 pm- 4.00 pm, Corridor of third floor, JSCOPR.

Outcome of activity: The participants gained useful inputs about the concept, use of **Flash cards, their preparation and presentation**. The students were given topics related to the subject of pharmaceutical chemistry for designing flash cards.

Description of activity: The syllabi of central council as well as the affiliating university for the subject Pharmaceutical Organic Chemistry-II of the class SYBPH, includes many structures and name reactions. Learning these structures require practice and consistent efforts. To help this activity, an initiative was taken by the Catalyst club- Department of Pharmaceutical Chemistry and Internal Quality Assurance Cell (IQAC) of the college to orient students for designing flash cards on the allotted topics for this subject. The activity was covered in following parts;

1. Allotment of topics for the flash card competition.
2. Preparation of flash cards by students
3. Presentation of flash cards by students
4. Evaluation of flash cards by the evaluators
5. Declaration of results

Activity experience: It was first of its kind activity by the IQAC wherein the in house faculty was involved for training the students on specialized tool for developing self learning ability. It would encourage students to prioritize study areas demanding more practice and work smartly on the same

Assessment of activity outcomes: Assessment of flash cards was carried out by conducting oral interaction with the students by the subject teachers from within the department as well as by the senior teachers from other department.

Feedback: good to excellent.

Name and signature of the participants: Excel sheet attached.
