

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

The Jayawantrao Sawant College of Pharmacy & Research Pune Alumni Association (JSCOPR Alumni), registered under the Society Registration, has been active since 2012, fostering connections between alumni and the institute. The association's objectives include building a robust network with alumni, maintaining an updated database, ensuring regular communication, and educating current students about membership benefits. Additionally, it invites alumni for guest lectures, organizes alumni meetings, and involves alumni in student placements and entrepreneurship promotion.

JSCOPR alumni have excelled in various fields such as production, quality assurance, research and development, regulatory affairs, teaching, and clinical studies. The association acknowledges these distinguished alumni and actively involves them in the college's development through several initiatives:

1. **Guest Lectures:** Alumni share their professional expertise through guest lectures.
2. **Student Training:** MOUs with alumni entrepreneurs provide training and support for current students.
3. **Faculty Roles:** Alumni comprise 14 % of the regular faculty.
4. **Alumni Meets:** Alumni offer insights on industry trends and institute development.
5. **Curriculum Enrichment:** Alumni feedback helps enhance the curriculum and address gaps with training and lectures.
6. **Placements:** Alumni aid in campus recruitment by suggesting job opportunities.
7. **Mentorship:** Alumni mentor students in their areas of expertise.
8. **Networking:** Over 400 alumni connect through WhatsApp groups, Facebook forming a professional communication network.
9. **Research Assistance:** Alumni support faculty research by providing necessary samples.
10. **Donations:** Alumni contribute essential items for laboratory and campus use.

These contributions highlight the crucial role of the JSCOPR Alumni Association in the institute's ongoing development.
